

## New Basketball School in Barrio Valle Grande (Rawson, San Juan)

Through an exhibition game, Cre-Ser Foundation inaugurated a basketball court and a new sports initiation school in San Juan.

With the support of Sporting Club Estrella, Club Lanteri and the Referees Association of San Juan, and the participation of our North American members, we enjoyed an event that united the entire Valle Grande neighborhood community and kicked off the new activities of the Foundation in the area.

In this way, more boys and girls will be able to find new opportunities and believe in themselves.
